

Custom Seamless Aluminum Toroids

Eastern Voltage Research has the tooling available for a wide range of custom sized toroid terminals ranging in size from 3" diameter to 98" in diameter. These heavy duty toroids are hand made from grade 1000-O (99% pure) aluminum, with a welded seam that is extremely smooth and cannot be seen.

The following custom sizes are available. See the dimensional diagram above for dimensions. (All dimensions are in inches.)

A DIM	B DIM	C DIM		A DIM	B DIM	C DIM
3	2.500	.250		18	9	4.500
4	3	.500		18	12	3
4	2	1		18.125	14.125	2
6	5	.500		19	10	4.500
7	3.500	1.750		19	16	1.500
7.375	6.375	.500		20	6	7
7.375	6.120	.630		20	10	5
